

My AI Native Town — FAQ (English)

Answers to common questions about the My AI Native Town AI Agent Training Program, Cohort 01, in Bhiwani and Hisar.

What is My AI Native Town?

My AI Native Town is a 90-day, in-person AI Agent Training Program in Bhiwani and Hisar, Haryana. Students learn to build AI agents by building one real agent for local businesses. They pay a ₹500 application fee, and the ₹1,00,000 program fee only after they are hired.

Who runs My AI Native Town?

The program is run by Hari Om Vashishtha (@hov8a), a Bhiwani-based builder. He shares his work on the YouTube channel @AgentforceWithHov8a.

How much does the program cost?

The application fee is ₹500, paid upfront and non-refundable. The program fee is ₹1,00,000, paid only after the student is hired. Until then the student pays ₹0 in program fees.

What does "pay only when you're hired" mean?

The ₹1,00,000 program fee becomes due only when the student gets a job offer of ₹3 LPA or more, or earns ₹3 LPA or more through self-employment. Freelance and contract work also count. Before that, the only payment is the ₹500 application fee.

Is the ₹500 application fee refundable?

No. The ₹500 application fee is non-refundable.

What happens if I don't get a job?

If a student is not hired, they do not pay the ₹1,00,000 program fee. They have paid only the ₹500 application fee, which is non-refundable.

What if I get hired during the program?

Being hired during the program counts as hired. The ₹1,00,000 program fee becomes due and is paid in installments.

How are the ₹1,00,000 installments decided?

The program fee is paid as a share of the student's salary. The percentage is mutually agreed between the student and the program and written into the agreement signed before joining.

Does a job below ₹3 LPA count as hired?

No. A job offer below ₹3 LPA does not count. Self-employment counts only if it earns ₹3 LPA or more. Freelance and contract work count as hired.

How long after the program does a job count?

A job that comes within 1 to 3 months of the program counts, as set in the student's written agreement.

Do I sign an agreement?

Yes. Every student signs a written agreement before joining. It records the pay-after-hire terms, including the salary share.

How do I pay the ₹500 application fee?

The ₹500 is paid through the program's counselor. There is no online payment link. To reach the counselor, message "AGENT" on WhatsApp to +91 70153 30518.

Is a job guaranteed?

No. The program trains students for roles that pay ₹3–6 LPA. It does not guarantee a job or a salary.

When does Cohort 01 start?

Cohort 01 starts on 12 October 2026. The program runs for 90 days in a goal-oriented format, so there is no fixed end date.

How many seats are there?

Cohort 01 has 10 seats, held first come, first served. There is no waitlist once all 10 are filled.

What is the class schedule?

There are three live sessions a week, on Monday, Wednesday and Friday. Each session is 2 hours long. Students build and complete one assignment per session on the days in between.

Are classes online or offline?

Classes are offline only. The initial phases run in person in Bhiwani and Hisar. There is no online access.

Where are the offline classes held?

Classes are held in Bhiwani and Hisar, Haryana. The exact venue will be shared later.

Are sessions recorded?

No. Sessions are never recorded. A student who misses a session catches up from the public build log.

Will I get a certificate?

No. There is no certificate. Students leave with a working AI agent and a public build log that employers can read.

Who is eligible to join?

Engineering students in their final or pre-final year are eligible, as are graduates of 3-year or 4-year degree programs. Working engineers who already write code can join the Experienced track. There is no age limit.

What do I need to join?

A laptop and an internet connection. There is no minimum laptop specification.

What is the difference between the Freshers and Experienced tracks?

The Freshers track teaches foundations, and each student builds one minimal agent that works and gives a meaningful outcome for a logical business. The Experienced track is for people who already code professionally; each student owns one layer of the shared town agent and ships it to production.

What will I build in the program?

The cohort builds one AI agent for the Bhiwani–Hisar district in three layers. First, the category walk: what local businesses need. Second, tools, data and guardrails. Third, putting the agent into one real shop or clinic.

Which tools and platforms will I learn?

Tools, platforms and detailed program content will be shared soon.

Which companies hire from the program?

Target roles and placement partners have not been announced yet.

Does the program stop for Diwali?

No. Sessions continue through the festival period.

How do I apply?

Message "AGENT" on WhatsApp to +91 70153 30518. Say whether you are a fresher or already working, and which shop, clinic or office you would build an agent for first. You get a reply within two working days, then talk to the counselor, sign the agreement and pay the ₹500 application fee.

How can I contact the program?

WhatsApp +91 70153 30518 (message "AGENT"), or email hov8aa@gmail.com. The website is myainativetown.com.
